The Starbucks Talent Management System is designed to keep your personal data confidential. To do this, the website does not allow the use of the Back Button. If you click the Back Button, you may lose data and may need to log back into the system.

Overview of SuccessFactors Modules

SuccessFactors is made up of online modules that automate Starbucks Goal Alignment, Partner Development Planning, Organization and Partner Planning (OPP) and Annual Review processes. Below are short descriptions of each module in the Starbucks system.

Goals

An online plan used to create and store your annual goals in a central place.

Performance

An online annual review form used to record partner accomplishments, strengths and opportunities. These forms are organized in a series of folders to keep each year's review in easy reach.

- **Inbox:** Forms that require your action.
- **En Route:** Forms that require actions from other people.
- **Completed:** Forms that are complete are stored here.

Development

An online form used to document your development plan.

Company Info

Company Info is where company specific materials and information is posted. Tools include: **Org Chart**, **Directory** and **Resources**.

Partner Profile

This is your "online resume" which is accessible to you, your manager, and Partner Resources. Your profile lists your work experience, education and qualifications.

NOTE: It is your responsibility to keep your profile up-to-date because it is used for talent planning purposes.

Goals: Create A Goal Plan

Goal Categories

Categories help you organize your goals by grouping related goals together. Depending on your role and responsibilities you may not have goals in each category. Starbucks has four categories linked to our growth agenda.

- Elevate Partners
- Strengthen the Core
- Accelerate Growth
- Unlocking Diversity

Goals: Cascade Goals

Goals can be aligned by cascading them from your goal plan to other partners. Cascading a goal means sharing one of the your goals with another partner within the hierarchy. Managers cascade their goals to individual partners to align the team's goals with Starbucks strategy.

Manager Action: Cascade Goals To Direct Reports

1. On the **Home** page, click **Goals** from the drop-down in the upper left-hand corner.
2. Click the check box ☒ to the left of the goal to cascade and click the button.
3. Click the check box ☒ next to each partner that needs the selected goal on their goal plan.
4. Click , then edit Goal and Measure fields, as necessary.
5. Click .

Note: Edits only appear in the recipient's Goal Plan, the original goal remains unchanged.

Manager Action: Cascade Goals to an Organization or Function

1. On the **Home** page, click **Goals** from the drop-down in the upper left-hand corner.
2. Click the check box ☒ to the left of the goal to cascade and click the button.
3. Click the view icon to the left of a partner who manages others.
4. Click the check box ☒ next to each partner that needs the selected goal added to their goal plan.
5. Repeat Step 3 and 4 until all selections are made.

Note: As you repeat step 3 and 4, the list of selected partners updates automatically.

Click to use a search form to find partners.

6. Click , then edit the Goal and Measure fields as necessary.
7. Click .

View Cascaded Goals

A cascaded objective appears on your Goal Plan and your partner's Goal Plan. A cascaded goal displays with an **Aligned Down** icon below the goal on the manager's goal plan. A cascaded goal displays with an **Aligned Up** icon on the partner's goal plan.

If you do not see these icons follow these steps:

Change The Goal Plan Display

1. On the **Home** page, click **Goals** from the drop-down in the upper left-hand corner.
2. Locate and expand the section of the Goal Plan.
3. Click the check box ☒ next to each data field needed on the Goal Plan.
